MP'S BID TO GET WEST LANC OUT OF 'NO MAN'S LAND' AND JOIN FORCES WITH SOUTHPORT

Politicians of rival parties ask government to expand borough council into neighbouring town in order to give the area a 'louder voice'

Report by **Tom Martin**

MP Rosie Cooper has joined forces with neighbouring MP Damien Moore to urge the government to expand the local authority of West Lancashire to include Southport and form one body which would operate under Lancashire County Council.

In a joint letter sent to the Secretary of State for Levelling Up, Housing and Communities Michael Gove, Ms Cooper and Tory MP Moore asked for measures to be put in place to "change the local catchment area" which would mean Southport leaving Sefton.

MP Moore was due to meet in person with Mr Gove on Tuesday to discuss the proposal in more detail.

In the letter, which has been seen by the Champion, the two MPs state: "It is our firm belief that our two communities are better served by being in the same local authority area and we are working closer together to achieve this."

There has been a debate amongst the people for South-

port for years on whether the constituency should re-join the county of Lancashire. Ms Cooper said West Lancashire is currently stuck in a 'no man's land' between Liverpool, Manchester and Preston.

She said: "We need to be treated more fairly as these huge metropolitan areas use much of the available resources, leaving so very little for rural towns and villages that we have to fight for their leftover scraps."

"I am supporting this campaign because the smaller towns such as Ormskirk, Skelmersdale and Southport and our villages need to combine forces, acting together so that our voice can be as loud and strong as possible and heard by our Metropolitan neighbours."

She added that she wants Southport, Ormskirk and Skelmersdale to "combine forces, acting together so that our voice can be as loud and strong as possible."

Damien Moore added: "For too long, Southport has been overlooked by the Labour-dominated Sefton Council."

"I am pleased to have Rosie Cooper MP's support for this campaign to get Southport out of Sefton and into Lancashire and I look forward to speaking with Secretary of State Michael Gove about our plans in this area."

Uni shortlisted for award after helping pupils at blaze-hit primary school

Report by **Henry James**

EDGE Hill University has been shortlisted for an industry award for their role in helping pupils following a fire at their Ormskirk primary school.

Last year, Asmall Primary School suffered a blaze that destroyed a significant part of their school building.

Edge Hill stepped in to offer classrooms on campus and pulled out all the stops to provide them with all the essentials they needed so that the children could carry on their learning until the end of the summer term.

The facilities management team at Edge Hill has now been shortlisted for the Reaching Higher Award in the Association of University Directors and Estates (AUDE) Awards.

Adrian McGillion, director of facilities management at Edge Hill University, said: "I was so proud of what the facilities management team managed to achieve and it's a real honour to be shortlisted for an AUDE award."

"When local school children needed help the university stepped in and my colleagues and I worked incredibly hard to give them a great experience."

"Whether it was being there to welcome the children, parents and teachers on their first day or just making sure they had everything they needed you

The fire at Asmall Primary school last year and (inset) Adrian McGillion, director of facilities management at Edge Hill University

could tell it all made a difference and in the end the children really enjoyed their time with us despite the difficult circumstances brought about by the fire."

School youngsters were back up and running at their temporary home on campus within a week, meaning there was minimal disruption to their learning and development.

The AUDE awards will take place on Tuesday, April 5 at the Aston Webb, Great Hall, University of Birmingham.

Student who survived Westminster terror attack tells of lack of support and receiving online abuse

Travis had to use loan to pay for physiotherapy and got death threats from trolls who accused him of faking injuries

Report by **Henry James**

A STUDENT at Edge Hill who survived the Westminster Bridge terror attack has spoken about the key role he has played in setting up a 'Survivor's Charter' on the fifth anniversary of the incident.

Travis Frain, 24, who is a PhD History student, was one of 12 Edge Hill students who were on a trip to the Houses of Parliament on March 22, 2017 when he was hit by a 4x4 vehicle on Westminster Bridge being driven by Khalid Masood.

Travis, who is from Darwen, sustained a number of serious injuries including a broken leg and was in hospital for eight days.

He has also spoken this week about the abuse he has received from online trolls.

He told the BBC: "I want better support for victims of terrorism."

"I have very mixed feelings today and it does not feel like it has been five years but I'm glad we have been able to gather in person in London and give the anniversary the recognition it deserves."

"Over the past few years I have been involved in campaigning for various improvements for the victims of terrorism."

"In the aftermath of the attack in which I have been involved I did not think the support we received was necessary sufficient."

"After I had been in hospital in London, the support I received dropped off considerably."

Travis Frain today, inset, and when he was visited in hospital by Prince Charles.

"The physiotherapy I received on the NHS was not sufficient for the range of injuries I sustained."

"I had to use my student loan to pay for private physiotherapy. I know that is something that I should not have had to do."

"I think it is a bad reflection on us as a country and I really hope we can improve these services, so we can help people who might be affected in the future."

Travis has received online abuse from trolls after the incident.

Mr Frain, from Darwen, Lancashire, said he received death threats from people accusing him of faking his injuries.

Speaking ahead of the fifth

anniversary of the atrocity, he said: "You've received quite bad injuries, you're immobile."

"Then to be receiving threatening messages like that is incredibly disconcerting. It's a really bizarre situation."

He said: "Luckily, I'm a grown man and have been able to deal with them."

"The problem is when these messages are sent to young people. We need to be paying more attention to these issues. This is a critical gap in the way in which this country responds to terror attacks."

Masood, 52, killed four people and injured 50 more when he drove into crowds on the bridge. He also stabbed and killed PC Keith Palmer. Masood was shot dead by police.

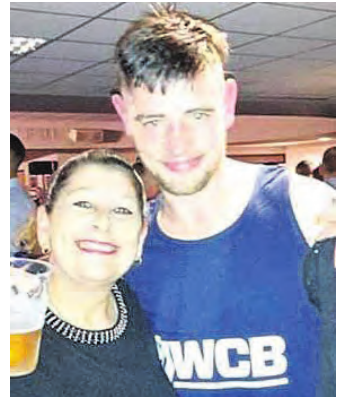

Sixth man charged in Christopher Hughes murder investigation

A SIXTH man has been charged with conspiracy to commit the murder of Christopher Hughes, who was found dead in Skelmersdale.

Mohammed Razgar, 40, of Plane Avenue, Wigan, has been remanded in custody pending an appearance before a Bolton Crown Court judge on April 8.

Mr Hughes, 37, was found dead off White Moss Road South in Skelmersdale on Tuesday, February 22. A post mortem concluded he died as a result of multiple serious injuries.

Christopher's mum, Susan, has paid tribute to him, saying: "He will leave a part in the family that can never be filled. RIP Christopher David Hughes."

Health and wellbeing group based at leisure centre looking for new members

A HEALTH and wellbeing group in Banks is looking for new members.

Banks Nifty Fifties is held at Banks Leisure Centre on Greaves Hall Avenue on Wednesday mornings from 10am until midday.

The group employs two instructors who are insured.

There is one session on a Wednesday split into two sections from 10-11am and

11am-noon. From 10-11am there is more vigorous activity in the main hall. In another part, people are able to do chair exercises.

Then in the second half, from 11am-noon, there is badminton and Pilates. There is also games tables where scrabble, table tennis and dominoes can be played. People can use the fitness suites, which has rowing

machines as well.

A spokesperson for the group said: "We re-opened in July last year and it is a good community facility in Banks. It promotes health and wellbeing, and helps both physical fitness and mental health."

"Residents are welcome to have a look round and see the activities. Membership forms are available."

A GP referral officer is on site from 10-11am, and they run a voluntary surgery, and they check blood pressure and weight on a monthly rota.

The group is run jointly by North Meols Parish Council and the Endeavour Learning Trust.

For more information call 07909815917, or 01704 227580.

Residents urged to 'do your bit' as Covid infection rates surge

'We should all take sensible precautions, where we can, to protect ourselves and others'

RESIDENTS are being urged to 'look out for Lancashire' amid rising infection rates of Covid-19.

Infection rates are surging across the England and the North West following the removal of all legal Covid-19 restrictions last month.

In the Lancashire County Council area, between March 5 and 11 the overall infection rate for all ages rose to 459.2 per 100,000 people – an increase of 80% – according to government data. During the same period the infection rate for the over 60s rose to 415.9 per 100,000 people, a 68% rise.

Covid-related hospital admissions have also been steadily rising across Lancashire's four hospital trusts, with a total of 241 patients admitted on March 8, a jump from 188 seven days prior.

The rise in infections and hospital admissions coincides with the launch of the 'Looking out for Lancashire' campaign.

Developed by the Lancashire Resilience Forum, the campaign asks residents to take small actions to help Lancashire heal and recover, together.

Council bosses say that as Covid-19 will be a feature of our lives for the foreseeable future "we all need to learn to live with it and manage the risk to ourselves and others."

Getting your initial course of a Covid-19 vaccine and a booster is the best way of protecting yourself and others against the virus. Whether it's your first,

second or booster dose, it's never too late.

Dr Sakthi Karunanithi, director of Public Health for Lancashire, said: "After two years of fighting Covid, it is now time to live safely with it."

"As we look forward to the future, it is vitally important that we stay united so that we can tackle the upcoming challenges, together."

"Right now, that means taking sensible precautions, where we can, to limit the spread of Covid-19 to protect ourselves and others and to minimise disruption to our lives."

"While legal restrictions have now ended for Covid-19, the standard public health advice remains."

"We understand it may not always be possible for people to follow this advice so I would also encourage people to respect others to make their own decisions."

"Now more than ever, we need everyone to look out for Lancashire."

If you have any of the main symptoms of Covid-19 the public health advice is to order a PCR test, stay at home, avoid contact with other people, and follow the guidance for people with Covid-19 and their contacts while you wait for your test result.

Calls to use ‘anti-theft trolleys’ at new town centre supermarkets

MP Cooper believes it would reduce flytipping problem

Report by **Henry James**

NEW supermarkets opening in Skelmersdale town centre should have ‘anti-theft trolleys’, according to MP Rosie Cooper, who believes it would help stop a “serious problem with trolley theft and dumping.”

After years of setbacks, Lidl and B&M Bargains are soon to open stores in the town, but the West Lancs MP is calling for them to use anti-theft trolleys.

However, after Ms Cooper asked West Lancashire Borough Council whether they are requiring the supermarket chains to use the specialist trolleys, the council responded that neither B&M nor Lidl were planning to use them.

Ms Cooper said: “Residents of Skelmersdale will surely agree that the town has a serious problem with trolley theft and dumping.

“Whilst everyone will be looking forward to the opening of the new town centre stores, this shouldn’t lead to more fly-tipping.

“A simple solution is the use of anti-theft trolleys, rather than the standard pound coin release ones. I am calling on both B&M Bargains and Lidl to protect our community against trolleys being taken away from the new town centre and thrown in the River Tawd. We need to protect our green spaces, not make it more likely that they will be dis-respected.

An example of an anti-theft trolley

“I have written to the chief executives of both Lidl and B&M to ask them to consider using these specialised trolleys when their shops open. These may be more expensive but will surely pay for themselves when the supermarket doesn’t have to keep replacing them.”

A spokesperson for West Lancashire Borough Council said: “The council encourages every business and household to act in an environmentally conscientious way.

“Although the final decision on which type of trolley should be used is ultimately up to the retailers at the Tawd Valley Centre, we will be promoting the Trolleywise scheme to them, which allows people to report abandoned trolleys via an app so they can be retrieved.

“We are aware that other local retailers have anti-theft systems in place such as suggested by the MP, but they have not always been successful in deterring trolleys being taken from retail areas.”

Easter has it all, as Winter turns to Spring

Kingfishers are currently being seen on the Martin Mere Canoe safari

Easter is traditionally the busiest time of year for Martin Mere and it's also great time to see a great mixture of wildlife on the reserve. There will still be a variety of winter wildfowl on the mere and this usually includes a few whooper swans that have decided to linger a bit longer, before setting off on the journey to their breeding grounds in Iceland.

While the winter birds are gradually leaving, they are replaced by migrants from further south. At Martin Mere, avocets are the first signs of spring and they started to arrive in mid-February. During April, the avocets have well and truly set up their territories and are usually on nests, on the islands at the back of the mere. Their noisy neighbours, the black-headed gulls will also be squabbling amongst each other over the best piece of real estate for a nest. And, in between the avocets and black-headed gulls, it is worth keeping an eye out for our returning pairs of common terns and Mediterranean gulls.

The first warblers, such as chiffchaff, blackcap and whitethroat will have returned by Easter and can be heard singing from bushes and trees throughout the grounds and reserve, while sedge, reed and grasshopper warblers start filling up

the reedbeds. The first swallows, house and sand martins should have been seen by the first week of April and, by the end of the month, we may have heard our first cuckoo and maybe even a booming bittern. It really is a lively time on the reserve and a day list might go over 70 species.

Meanwhile, Spring sees the birds in the wildfowl collection also getting a bit frisky with each other. And, first out of the stalls this year are the Black Swans, which have just hatched cygnets in the last few days and which you'll be able to see throughout the Easter Holidays.

Of course, also in the grounds, our almost legendary Easter Duck Trail will return over the whole school holiday period for the kids to enjoy. And, our canoe safari will also be open. With increasing kingfisher, water vole and little egret sightings, the canoe safari can really get you up close to nature.

Martin Mere really does have something for everybody and we hope you enjoy a visit to us for a fabulous wetland wildlife experience this Easter.

For more information visit www.wwt.org.uk/martinmere.

Calls to cut VAT on petrol to ease price increases

SKELMERSDALE County Cllr Julie Gibson has joined calls from consumer groups and motoring organisations to urge the Chancellor to cut VAT on petrol, as reports show that the average cost of filling up a typical family car has broken through the £90 barrier for the first time ever.

Motoring organisations said drivers were facing “unbelievable financial pain” as the cost of a tank of diesel for a 55-litre capacity family car reached £90.88.

Cllr Gibson said: “The average price of petrol across West Lancashire is now 165p for petrol and 170p for diesel. The rises will quickly feed into the overall cost of living as hauliers pass on their extra costs to their customers and ultimately to consumers, sending household costs soaring.

“I would urge the Chancellor to help drivers by temporarily cutting VAT to at least 15 % from its current level of 20%.

“As it stands, 26p a litre of what drivers are paying on the forecourt is attributable to VAT and that comes on top of 58p a litre in fuel duty. Estimates show a five percent cut would reduce the cost per litre by around 6p.”

Cllr Gibson said: “On March 23, the Chancellor will make his Spring statement to parliament. This would be the right time to introduce potential changes to reduce pressure on drivers.”

Three men arrested after teen stabbed and family home trashed

Police believe stabbing and break-in could be linked

Report by **Henry James**

POLICE have issued a fresh appeal after an aggravated burglary where three men wearing balaclavas and carrying baseball bats smashed through the glass doors of a property in Skelmersdale in front of a woman and her young child.

Police were called to reports of a break-in at around 8.15pm on Wednesday (March 9) in Carfield.

The group also damaged a television before making off. The woman, who was in her 20s, was not injured during the incident but officers later received a report that a 15-year-old boy had been stabbed in the Carfield area.

The boy had suffered an injury to his lower back and was taken to hospital for treatment.

Two men aged in their 20s and a 19-year-old man were arrested on suspicion of aggravated burglary and assault and bailed.

Det Sgt Diane Higham, of Skelmersdale CID, said: “This was a shocking incident where the offenders smashed their way into a property, causing havoc, all in front of a woman and her young child.

Carfield, Skelmersdale

“This crime has left the victim very shaken and we are urging people in the community to come forward with information to help our enquiries.

“While officers were at the scene, a further report was received of a boy being stabbed in the Carfield area.

“Thankfully his wounds are not life-threatening. We are investigating both offences and cannot rule out at this stage if they are linked.

“Anyone with information can contact police on 101 quoting log 1207 of March 9.”

Past pupils return to pass on their wisdom!

A GROUP of 15 past pupils returned to St Bede's Catholic High School in Ormskirk to take part in a careers guidance event for Year 8.

The returning role models (pictured left) answered questions from the chil-

dren, who were eager to learn about their jobs.

The sectors involved were Education, NHS, IT, Public Service, Finance, Administration and being Self Employed.

Lisa Turpin, co-ordinator of Careers Education, Information, Advice and Guidance at St Bede's said: “The alumni were really happy to return, see the changes to their ‘old’ school and give meaningful advice to the young pupils.”

Major work on gas mains in Burscough is starting in April

Report by **Henry James**

MAJOR work is to set to start within weeks to replace underground gas mains in Burscough.

The project, which begins on Monday, April 4, is expected to take around six months, with Champion readers flagging up concerns that it will lead to disruptions on Burscough's main roads.

Cadent, which manages the local gas network, is calling time on 2,000-metres of gas pipes that run beneath Liverpool Road South and Lordsgate Lane. Dating to the Second World War era, they're now showing signs of their age.

Cadent's engineers have carried out repairs on this part of the network nearly 30 times in the last five years, each time leading to significant traffic issues. They believe that the solution to this is to upgrade the pipes.

Metallic gas mains like these are being upgraded as part of an £800m investment by Cadent in the North West over the next five years. This programme is helping to get the network ready for a move away from fossil gases to hydrogen, which is essential for a 'net zero' future.

The frequency of repair work required on this pipe has led Cadent to bring forward its planned date for replacement. As well as the big main in the road, the engineers will also replace the individual service pipes that carry gas into 160 properties.

The Cadent teams will ensure gas stays ON throughout the project. This is apart from one day – for those 160 properties only, as they are connected into the new pipes. Advance notice will be given and gas will be restored the same day it goes off.

The work will happen in short sections – which enables the roads to stay open and travel to continue in both directions, with traffic light controls. Please budget extra time for journeys (particularly

Liverpool Road South, Burscough

at peak times), or consider using alternative routes.

Craig Horrocks, head of Cadent's North West Investment planning office, said: "Our job is to keep gas flowing to heat homes, schools, offices and many other buildings in the local area, as well as future-proof the network ready for hydrogen."

"This part of the network has operated for more than 70 years. We've become too frequent a visitor in recent years, with our teams carrying out essential repairs. This upgrade will bring an end to that, ensuring everyone gets a safe, reliable supply well into the future."

"We appreciate this means another period of disruption and will maintain a work area that ensures the road can stay open both ways, with traffic lights."

20 football pitches

The project involves replacing pipes under Lordsgate Lane, as well as Liverpool Road South (from the junction of Lordsgate Lane to near Meadowbrook / Springfield Close). In total, around 2,000 metres of pipe will be worked on – which is the same length as 20 full-sized football pitches.

Parking controls plea near school

Residents claim parents block roads and driveways at pick-up times and urge the county council to act

Report by **Henry James**

Parking outside Pontville School

PARKING controls could be introduced near a school in Ormskirk after complaints from residents that roads outside their houses were blocked by parents picking up or dropping off their children.

Residents say parents leave their cars on pavements near to the Pontville School, obstructing driveways and blocking off nearby Calder Avenue and Ryburn Road.

Lancashire County Councillor Nikki Hennessy has asked officers at the Highways department to investigate the problem.

Cllr Hennessy said: "Parking of vehicles outside schools is a notorious problem especially during drop off and pick up times.

"I live by a primary school myself, so I see first-hand the difficulties during school drop off and pick up times and I have every empathy with both parents and residents.

"I want to thank those residents who sent me photographic evidence which assisted my request for LCC Highways to investigate the issues raised.

"Highways have reported back to me that they agree with the concerns raised due to the poor behaviour of some motorists at school drop off and pick up times on Calder Avenue and Ryburn Road.

"The predominant concern appears to be the

inconsiderate manner in which vehicles are parking.

"Highways also noted that the police have previously been contacted regarding this matter and that the school does not appear to have features that normally accompany school entrance support mechanisms such as yellow 'School Keep Clear' markings on the roads.

"In view of this Highways are intending to introduce parking controls and will make contact with the area police team to assist in assessing the situation and the resolution actions undertaken to date."

She added that the county council would investigate whether additional, permanent controls such as zig zag markings should be introduced to help alleviate any problems in the future.

Lancashire County Council has been contacted for comment.

Average speed check cameras 'have made bypass much safer'

Figures show speeding offences reduced by 62%

Report by **Henry James**

INSTALLING average speed cameras on the A565 Tarleton bypass has led to a huge reduction in speeding offences on the road, say police.

In a two year period after average speed cameras were introduced along the A565 Southport New Road in August 2017, there was a reduction of 62.38% in detected offences.

This stretch of road was included among eight routes across Lancashire installed with average speed cameras between March 2017 and August 2018, which police have said have been proven to reduce both collisions and casualties.

They added that since the average speed cameras were introduced, speeding offences have reduced by more than half.

The cameras can be found on the A565 Southport New Road (Tarleton Bypass) between the B5246 at Mere Brow and the Gravel Lane roundabout at Banks.

Police said analysis of the impact the average speed cameras have had in the two years since they went live demonstrates that they have been successful in reducing the number of speeding vehicles on all eight routes.

Superintendent Damian Darcy, of Lancashire Police's Tactical Operations, said: "Slower speeds

The start of the average speed camera zone at Banks.

mean safer roads for all road users, residents and communities.

"We thank those drivers who obey the limits.

"We are pleased to see that the number of both collisions and offences detected on these roads has reduced so significantly.

"Those who continue to choose to speed on Lancashire's roads will not be tolerated and offenders will continue to be dealt with appropriately."

Average speed cameras are a "visible and effective deterrent" to speeding drivers. They are part of a range of safety camera technologies used by the Lancashire Road Safety Partnership, the aim of which is to reduce the numbers of people killed or seriously injured on Lancashire's roads.

Due to the success of the installations in reducing both offences and collisions, projects are in place to install five further average speed camera routes in Lancashire around the county.

Rotary Club raises £1,400 during street collection for Ukraine

MEMBERS of the Rotary Club of Ormskirk Clocktower want to thank the people of the town for their "fantastic support" during the street collection in aid of the Ukraine

Humanitarian Appeal on Thursday, March 10.

Volunteers from the group took to the street to raise funds for the ongoing crisis appeal.

A spokesperson for the Rotary Club of Ormskirk Clocktower, said: "Many, many thanks to everyone who donated to the street collection in Ormskirk in support of the Ukraine Humanitarian Appeal."

"Thanks to the extreme generosity of the people of Ormskirk and surrounding areas, more than £1,400 was raised."

"This will be sent directly to the Disasters Emergency Committee where it will have the greatest impact on the ground."

Full details of previous and upcoming charitable events for the Rotary Club of Ormskirk Clocktower can be found on their website.

Prescriptions to change for West Lancs patients

Report by Henry James

PATIENTS in West Lancashire will see a change to the way they order repeat prescriptions from April 1 as the Prescription Ordering Direct (POD) service comes to an end.

Instead, GP practices will move the process back 'in-house'.

Patients will therefore be required to contact their practice directly to order repeat prescriptions and practices are in the process of communicating changes to those affected.

People who use the Patient Access website and app are encouraged to continue to do so.

Practices will be able to offer support

in setting up and using this service.

Dr Peter Gregory, chair of NHS West Lancashire Clinical Commissioning Group, said: "Changes to the prescription ordering service are a positive move and will help alleviate some of the issues experienced over recent months."

"Telephone lines do get extremely busy so we would ask, where possible, people use the Patient Access website and app for their repeat prescriptions."

Patients should continue to use their existing method of ordering up until March 31. The POD can be contacted on 01695 588 522.

For details on how to order repeat prescriptions from April 1, visit the CCG website or individual practice websites for more information.

LETTERS to the Editor

NATO can be incoherent and seen as provocative

The letter on the decline of democracy was interesting and is worthy of a challenge on a couple of points.

Democracy. I was born a Brit, I'm proud to be a Brit, I'm happy to live in a liberal democracy and have the privilege of questioning my government-but not, it appears, over Ukraine.

On the question of Ukraine we have not even had a debate in parliament: are we becoming a co-belligerent by sending weapons to Ukraine and on whose authority; will it help or just extend the war?

Talking of war, I seem to recall that we were trying to spread the liberal democracy to a few Muslim countries who didn't seem too keen on the idea.

There are many types of political systems and democracy does not necessarily fit at a particular stage in a country's development - and it's not for us to impose.

Classic examples: China is very much authoritarian, and this regime has lifted hundreds of millions out of poverty over the past few years.

Whereas India, the largest democracy in the world, has badly failed its population.

'Horses for Courses' I'd say.

NATO was recently described by President Macron as 'stupid' - a bit harsh, but NATO is certainly incoherent and unnecessarily provocative.

Don't get me wrong, I'm a firm believer in collective defence and the doctrine.

NATO's conventional forces kept us safe and secure, initially from the Red Army in the late 1940s, and from the Soviet Union's Warsaw Pact through out the 1950s and early 1960s.

However, in October 1962 the world changed forever as we stood on the brink of nuclear annihilation during the Cuban missile crisis.

The crisis was solved through negotiation; US missiles were removed from Turkey, Soviet missiles from Cuba and all our conventional weapons were not even pawns in the game.

Since then nuclear weapons and their means of delivery have grown ever more powerful and sophisticated to a scale such that our security goes by the acronym, MAD-Mutually Assured Destruction.

The chance of some old style conventional war between NATO and Russia is effectively zero.

The deployment of NATO forces ever closer to Russia's borders makes no military sense.

NATO needs a makeover - it is sometimes difficult today to decide if NATO is peace maker or a war maker.

Southport

Time stands still in Ormskirk

I regularly come into Ormskirk town centre.

Whilst walking around I still find myself gazing towards the clocktower to see what time it is.

I am not sure why I still do this as each face of the clock shows a different time which has not moved for many months.

There must be other residents of Ormskirk and visitors to the town who wonder why we don't have a working town clock.

The fact that we don't reflects badly on our town.

The clocktower is a focal point in Ormskirk and should be in working order I feel.

Money seems to have been spent on improvements such as the redevelopment of Wheatshaf Walk and street art, but the clock remains stationary.

There is probably a very good reason for this and I would be interested to know what it is.

There is a certain irony that one of the new artworks depicts a famous Ormskirk clockmaker.

Could we please have a working town clock?

I think that it is important.

JL,
Ormskirk

Blind and partially sighted are being denied a secret vote

One hundred and fifty years ago, the Ballot Act of 1872 decreed that everyone had the right to vote in secret.

Despite this, four in five blind people in 2021 said they were still unable to vote independently and in secret.

The figures speak for themselves – blind and partially sighted voters are too often being denied the right to a secret vote, and the Elections Bill, currently moving through the House of Lords, will only make this worse.

Voting is a fundamentally visual process.

Under current law, introduced a generation ago, every polling station must have a device to make voting possible “without any assistance” for voters with sight loss.

The Elections Bill is getting rid of this guarantee, meaning that it will become a postcode lottery for blind and partially sighted people as to what equipment they can expect when they go to cast their vote.

This move by the Government goes against all aspirations around levelling up for disabled people in society. We urgently call on the Secretary of State Michael Gove and Parliamentarians to maintain existing provisions to enable an independent vote for blind and partially sighted people.

Sign RNIB's petition and join the organisation in calling on the Government for change to the Elections Bill at www.rnib.org.uk/campaigning.

Head of Policy and Public Affairs,

Please leave empty bins in a safe place

We value and appreciate the excellent work of our refuse collection service through the pandemic and beyond.

But would it be possible for those in charge to instruct the refuse collectors to place

the emptied bins in a safe place instead of arbitrarily dumping them in the middle of the pavement?

There they are a hazard and an obstacle to wheelchair users and young families

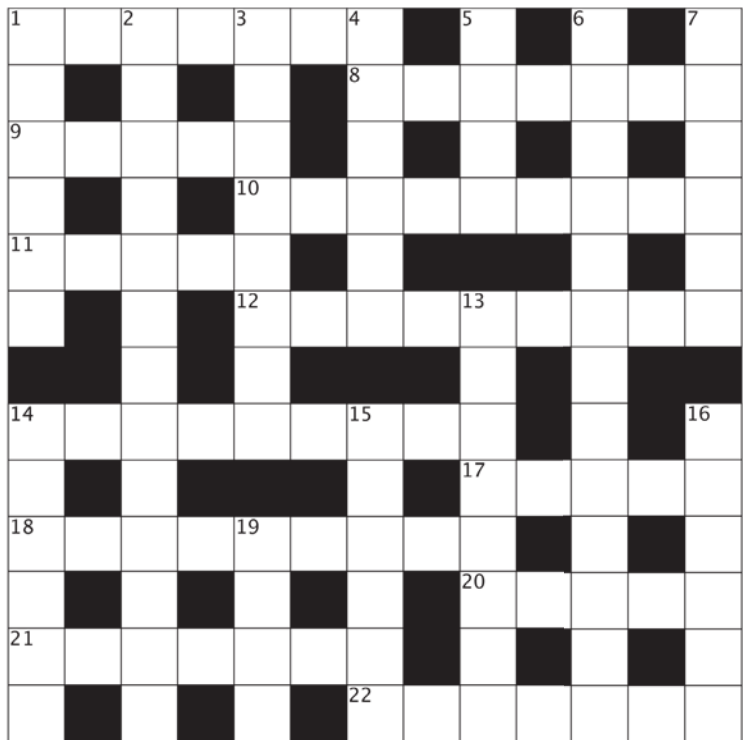

with children in prams.

It doesn't take much effort to be considerate, kind and careful!

Peter Rimmer,
Ormskirk

Morris dancing troupe kitted out

A BUSINESSMAN has shown his support to a Skelmersdale Morris Dancing Troupe.

John Nisill, owner of AAA Performance, has supplied them with much-needed T-shirts and hoodies.

Each is personalised with the girls' names on the front and

the Orcadia logo on the back.

Orcadia Morris Dancers has five troupes, ranging from the ages of two in the Babies Section, right up to Adult Dancers in the two Senior Sections.

Mr Nisill said: "I have two daughters in Orcadia and once I realised how much they

needed new supplies, it seemed only right that I should help out."

Orcadia Morris Dancers practice in the Greenhill Community Centre every Wednesday from 5.30pm until 9.30pm (depending on age). Contact Lynne on 07931 306625 for details.

MP sponsors motion opposing plans for waste incinerator

Report by Henry James

ROSIE Cooper MP has been praised by a campaign group for sponsoring a parliamentary motion opposing plans for a medical waste incinerator in Simonswood.

Campaign group Arrow (Action to Reduce and Recycle Our Waste) claim burning medical waste is unnecessary and would damage the health of residents.

Plans to build a High Temperature Treatment Facility for the Management of Medical Waste at Stopgate Lane have been submitted to Lancashire County Council by Culzean W2E Ltd.

Arrow claim that burning plastic (including PPE) produces dioxins which are toxic and say the World Health Organisation promotes non-burn technologies "which are cheaper and less polluting."

Arrow say alternatives to burning medical waste include high-pressure steam sterilization, alkaline hydrolysis, autoclaves and microwaves.

Nicola Escott, from the group, said these processes use heat to kill microbes in medical waste, after which it can be disposed of with ordinary municipal waste.

The campaign group added that after treatment, plastic medical waste can be turned into granules and recycled.

Ms Escott said: "Those in favour of medical waste

MP Rosie Cooper.

pyrolysis incinerators say that they emit low levels of toxic chemicals, such as dioxins.

"But medical specialists say that even tiny amounts of dioxin emitted to the air can cause long term health problems for populations living nearby.

"Microscopic amounts of dioxin can cause cancer, reproductive and developmental problems, damage to the immune system, and can interfere with hormones."

Toxico-pathologist Professor Vyvyan Howard of the University of Ulster says burning waste produces hormone disrupting chemicals that are particularly damaging for the development of babies.

He says nanoparticles are not usually measured in emissions but pass through filters and result in chronic respiratory disease and cardiovascular issues.

The proposed site for burning medical waste is next to Kirkby, a heavily populated area, on one side and grade 1 agricultural land on the other side. ARROW has said both will be affected in different ways.

Nicola continued: "Burning waste in pyrolysis incinerators produces pollution which either goes up the chimney into the air or into the char residue. The developer said the char would be used as building materials for foundations and concrete blocks. This worries residents who feel it is essential to adopt less polluting technologies."

Oaktree Environmental Ltd, who have been engaged to act as consultants for Culzean W2E Limited, were contacted for comment.

Adegbenro scores Skem's first goal. Picture by Gordon Johnson

Skem's play-off hopes dented after shock draw at lowly Remyca

Litherland Remyca 2
Skelmersdale United 2

SKELMERSDALE United's promotion hopes are on a knife edge after they were forced to settle for a shock draw on Saturday against bottom club Litherland Remyca, writes Kevin Panther.

The two points dropped leaves promotion out of Skelmersdale's control, but it is far from done.

The two teams that can stop Paul McNally's team reaching the promotion play-off are Wythenshawe Town and Charnock Richard, who crucially still have to play each other next Saturday.

Remyca opened the scoring on Saturday from a corner. The ball broke free to Carl Peers and inside the 18 yard box he drilled home for 1-0 after just five minutes.

It took a while for Skem to get into the game and two free kicks in quick succession just outside

the box resulted in a Michael Howard shot tamely saved by home goalkeeper Ryan Jones and a Dan Mitchley effort that sailed high and wide.

Just on the half hour Tom Croughan made a long mazy run into the Remyca box and his cross found Mini Adegbenro, who fired home from close range to draw the side level.

Just before half time Remyca regained the lead, as Peers again found the back of the net from close range.

Baba Conteh popped up on 75 minutes to draw the sides level again.

United threw the kitchen sink looking for that all important goal but couldn't find a way through.

Skelmersdale still have a chance of a promotion spot but it is now completely out of their hands.

Skem don't have a match this weekend, with their last game of the season to take place on Saturday, April 2 at home to Lower Breck.

Linnets defend bravely but lose to Northwich

Northwich Victoria 2
Burscough 0

BURSCOUGH struggled in the windy conditions at Wincham Park and but for a good defensive performance might well have suffered an even bigger defeat, writes Neil Leatherbarrow.

The blustery conditions had an effect on the game from the off.

Northwich started the game with some fine possession football and soon forced the Linnets onto the back foot.

Initially a number of corner kicks had to be weathered and it was to Burscough's credit that they held out

until the 19th minute.

Then a free-kick from the appropriately named Ryan Winder was lifted into the Burscough penalty area from the halfway line. Defender Brandon Barski, who had gone forward especially for the dead ball kick, lost his marker and headed home from within the six yard box.

Burscough continued to defend well and over the next 25 minutes before the interval, Northwich only had one strong goal scoring opportunity.

Burscough attacks were few and far between but they defended bravely.

Burscough looked like they

had done enough to limit Northwich to just the one goal when on 85 minutes the hosts got their second goal. A long ball to the 18 yard line was helped on and Matt Birchall was in the clear behind Burscough's defence. Faced with an out rushing keeper Mason he clipped the ball over him into the empty net to make it 2-0.

With their best attack of the game Burscough almost pulled a goal back in the last moments only to be thwarted by former Burscough goalkeeper Chris Cheetham.

Next match: Padiham vs Burscough. Saturday, March 26. Kick off 3pm.

Quality Kitchens and Bathrooms at Affordable Prices

Established over 30 years, and located in the Asda shopping mall in Hunts Cross, Capital are one of Merseyside's leading suppliers and fitters of kitchens and bathrooms and are very much a one-stop shop for all your requirements.

"Our aim at Capital is to make your dream bathroom and kitchen become reality. We pride ourselves that people choose Capital because our prices, value and quality give you total peace of mind. "When we quote a fitting, we handle everything from clearing the room to preparing the

walls, looking after electrics, plumbing, tiling, fitting, plus any building work, using our own tradesmen".

So what makes Capital Kitchens and Bathrooms different? We use no sub-contractors, all work is carried out by our own tradesmen. All estimates are provided free of charge on a no-obligation basis and 99% of our kitchens and bathrooms are fitted within one week.

At Capital we take great pride in everything we do."

IN MEMORIAM

MONKS CHRISTOPHER ANDREW FRANK

**10 Heart-breaking Years
Without You**

24th March 2012

Chris, can't believe 10
years have past since
you were
cruelly taken.

One punch ended
your wonderful life
and future, ours left
with a lifetime of pain.
Thinking what you
would be doing now,
we will never get
over losing you, not
knowing the truth,
whilst you can sleep
tight others have to
live with the guilt
knowing what really
happened on that
fateful night.
We will cherish our
memories, you will
stay in our hearts
forever.

Love and miss you so
much..

Wait for us at the End
of The Rainbow
So until then Good
night & God bless
Chris xx

Your heart broken
Mum, Dad, Danielle,
Jonathan,
Vanessa, Megan,
Darcie, Nan, Aunties,
Uncles & Friends xx

ACKNOWLEDGEMENTS

Hammond's a proper car nut, on and off screen

Richard Hammond is passionate about classic cars away from the TV screen, and now runs a business restoring them

IT'S NOT EVERY DAY you get to see a major TV star talking about what they're really passionate about – and in this case, it's mending old cars and tinkering with MGBs.

There was a national show celebrating car restoration last weekend – and cards on the table, I work for one of the companies that puts it together – which more than 25,000 of you packed into the NEC in Birmingham to see. One of the big draws was the show's live stage, which included appearances from motoring experts like Wheeler Dealers presenter Mike Brewer, Fuzz Townshend, the musician-turned-mender who takes on seemingly impossible restorations for Car SOS – oh, and some bloke from Southport who rambles about cars for a living. That'd be me, then.

But I did encounter a thoroughly Alan Partridge-esque moment shortly after exiting the stage after taking part in a seminar on buying classic cars. Two showgoers approached me with an excited look in their eyes, and I got ready to have a chat with them about my favourite cars at the NEC and what it's like writing for Classic Car Weekly. Yep, you guessed it – they walked straight past me and started chatting to Richard Hammond, who it turned out was stood behind me.

The star of The Grand Tour was at the show because his 1972 MGB GT – which, incidentally, was the very last car he drove on Top Gear before he, Jeremy Clarkson and James May departed the series – was being turned into a racing car for the next series of his show on classic car restorations. While Jeremy Clarkson's traded TVRs for tractors and made a TV show about running a farm, Richard's stuck firmly with cars, and last year set up a business, called The Smallest Cog, that specialises in classic restorations. What was obvious from

LIFE ON CARS

with **DAVID SIMISTER**

www.lifeoncars.co.uk

listening to him at the NEC was that he just isn't a car nut on the telly. He really, really loves his hobby, and he's an enthusiastic advocate for making sure the cars that you and I love stay on the road.

In particular, he's very keen that more people are trained in the skills needed to keep them on the road, having now seen it first-hand. There is a chronic shortage of restorers as the generation that grew up fixing these cars retires – and the fewer people there are to do this work, the more the cost goes up if you want to get your classic car fixed. Richard couldn't have put it better: "You can have all the money in the world and all the kit in the world, but it's the hands that operate them where the value lies."

He also reckons that looking after a classic car, making sure it's set up properly and used sensibly is far greener than ordering a brand-new car – to borrow Richard's analogy, is making do and mending your old jeans rather than getting children on the other side of the world to make a brand-new set for you. So is there a green argument for old cars – it just happens to be a British Racing Green one.

Well said, Mr Hammond – it's good to have you on board.

David Simister is the editor of Classic Car Weekly

THE first all-new Lotus in more than decade has just gone on sale. The Emira's launch model, called The First Edition, can be ordered from 8 April, with the first cars arriving here towards the end of the year. This initial model costs £71,995, but if you're prepared to wait a little longer you can get the regular Evora for £59,995. The First Edition is powered by an AMG-developed engine developing 360bhp, making it the world's most powerful four-cylinder engine in production.

Kia has launched its Sportage in plug-in hybrid form

A NEW plug-in hybrid version of Kia's Sportage arrives here next month. This new model mates the company's direct injection 1.6-litre petrol engine with an electric motor and batteries that can be charged up from the main, and it can travel 43 miles on electricity alone. Prices start at £38,395 for these new models, all of which come equipped with four-wheel-drive.

UNMISSABLE DEALS & UNBELIEVABLE PRICES AT **chapelhouse**

FREE MOT TEST FOR LIFE

There is no other car dealer in the UK that will allow you to swap your existing car for another one and give you a **FREE MOT TEST FOR LIFE!**

Well, Chapelhouse are doing exactly that with every New or Used car purchased throughout their Car Swap Event.

Chapelhouse will carry out a Free MOT test each year for the life of the car and even if you sell the vehicle we can transfer this over to the new owner. Bargain!

This great opportunity can save you up to £1000 over the life time of the vehicle you purchased from us.

"I swapped my old C1 for a new Suzuki Swift with loads of extras and it only cost me £500 and with **FREE MOT for life.**" **Paula Taylor**

Get down to Chapelhouse and take advantage of not only a newer vehicle but also **FREE MOT TESTS FOR LIFE**, it really is that simple!

"We swapped our Vauxhall Corsa for a much newer KIA Rio and it's hard to believe it only cost us £645." **The Parsonage Family**

HOW IT WORKS...

1. We closed early on the 17th March in order to prepare for The Chapelhouse Car Swap ten day event.
2. We fully prepared over 1000 new, nearly new and used vehicles and line them up for you to browse around.
3. The price of every car is reduced and **PRICED TO SELL!**
4. The Car Swap price is on every car windscreen.
5. You will be able to see the saving from the original price which will still be on the car.
6. When you arrive and after making your choice of tea, coffee or hot chocolate your car will be valued.
7. You will be given a written valuation on a signed form stating how much we will give you for your car.
8. Pick the car you most desire and either do a straight swap depending on the valuation of your car or pay the difference.
9. Once you have decided on a swap, simply take your valuation form to any one of the Chapelhouse Car Sales Executives who will complete the necessary documentation. You will also be able to take advantage of special finance packages during the event, including interest free credit.

Don't miss this Special Event at Chapelhouse

Trading in your tired old wheels for a more exciting model becomes easier and cheaper than ever.

Here at Chapelhouse, we love giving our customers great deals, so if you are looking to change your car, we are offering a simple, catch free way to do so, without leaving you out of pocket.

Our Car Swap event runs right across the Chapelhouse group, meaning you have a range of over 1000 new, nearly new and quality used vehicles to choose from.

Many of our cars also come with a host of added extras as standard, including our fantastic **'FREE MOT TEST FOR LIFE'** offer.

The process is simple, just take your car down to Chapelhouse, and enjoy a hot drink on us, while one of our friendly salesmen works out price we can give you for your car.

Once we've worked this out, you can take a look around the site and pick the car you'd like to take home.

Each car will be reduced and priced to sell, so simply deduct the price of your car from the price of your new car, and that's all you have to pay.

That means there's every chance you will walk away with a new car for nothing!

No other dealer can boast an offer this good, so make sure you take a trip down to Chapelhouse during this Car Swap event and get yourself a new car from as little as £0!
